FACE TO FACE JUDGING

Each year, several projects are selected to be judged prior to the fair. Face to Face judging provides an opportunity for the exhibitor to discuss with the judge the qualities of the exhibit, the problems involved and how to make improvements.

The judge talks to each exhibitor individually, but others are able to hear what is being said, and, therefore, learn.

The placings are decided on an individual basis.

The major objective is for everyone to learn from each other. It is, therefore, important that the exhibitors from other classes sit and listen as the judging takes place.

The 4-H Newsletter will have information on the projects to be judged on Monday before the fair. No exhibits in these departments will be judged at the fair on Thursday.

Iowa County Fair Master Showman Contest

Sunday at 4:00pm – Contest will start in the Swine Barn then move to the Schimming Building

1. The following departments will participate in the contest: Beef, Dairy, Goats, Sheep, and Swine.
2. The contest will consist of 10 participants, 2 from each species.
3. Qualifying participants will have placed 1st or 2nd in their species' senior showmanship division.
4. If a qualifying participant chooses not to compete, the option to participate will default to the individual who placed 3rd in senior showmanship and so on.
5. If an individual qualifies to participate in more than one species, he/she must choose which species in which he/she will compete immediately following the second species show. The individual must inform contest committee chairs and species superintendents of his/her decision. The individual next in line in the non-chosen species will have the option to participate.
6. Individuals may participate in the contest as many years as they are eligible. Once an individual wins the contest they become ineligible to compete.
7. Each participant is responsible for finding their own animal to show for each of the five species. It is suggested to ask a friend or a member of the same 4-H Club/ FFA Chapter to borrow their animal for the contest. However, participants are allowed to use their own animals in any given species.
8. There will be five judges, one representing each species.
9. Each judge will use the same scorecard to evaluate participants.
10. Participants will be evaluated on their showing ability, species knowledge, and attitude and sportsmanship in the show ring.
11. If items such as a brush, comb, show stick, etc. are necessary to show a species, participants should use them during the contest.
12. Participants should wear the proper show attire when competing. This includes jeans, boots, a belt, etc.
13. Each participant must remain in the show ring area at all times during the contest and wear the identification number provided by the contest committee.
14. All participants will be asked an agricultural related question and given a score by the judges. In case of a tie, points scored on questions will act as the tiebreaker.
15. Participants are expected to attend a qualifying meeting prior to the contest. Qualifying individuals will receive a detailed letter stating the time and location of the meeting when they are selected as a top senior showman in one of the five species.
16. During the judging process, an announcer will give a short biography on each judge and participant and explain the rules/ requirements of the contest.
17. Awards will be given to the top 3 exhibitors.
18. The decision of the judges and contest committee are final.

DEPARTMENT 7 POULTRY

**Superintendents Mike and Sarah Blume (574-4772),
Tami Bowser (967-2297)**

Entries due August 1.

Judging time: 9:00 a.m. Saturday (Showmanship followed by Poultry Market and Breeding Classes)

1. A hen or cock must be hatched before Jan. 1 of the exhibit year. A pullet or cockerel must be hatched Jan. 1 or after of the exhibit year.
2. Each exhibitor is allowed to enter only 1 pen per lot. Except in the All Other Breeds lots, two pens per lot can be entered as long as they are two different breeds. Lots consisting of more than two birds of the same breed/variety will be judged as a separate lot. Please contact one of the superintendents prior to the fair if you have questions on which lot to enter your birds.
3. All poultry must be brought to the grounds between 4 p.m.

and 9 p.m. on Thursday or by appointment.

4. Pens will be furnished. Exhibitor must bring feed, litter, and water container. Exhibitors should not put locks on cages.
5. Exhibitor shall be responsible for keeping pens clean and poultry fed and watered each day. Before your birds are removed from the fairgrounds, all feed and water containers are to be cleaned and put away and all trash removed.
6. Veterinarians will check animals for disease status. Animals will be sent home if they exhibit contagious, infectious or communicable disease.
7. Birds not taken care of daily by 10 a.m. (feed, water and clean bedding) will be sent home and the member will forfeit the premium money on the exhibit.
8. Birds must be owned by the exhibitor by July 15 of the exhibit year.

EXHIBITORS ARE RESPONSIBLE FOR DAILY FEEDING AND CARE OF THEIR ANIMALS.

Poultry and game birds sold or moved within Wisconsin – whether for breeding, hatching, sale or show either must be from flocks enrolled in or associated with the National Poultry Improvement Program (NPIP), OR exhibitors can enroll with the Wis. Dept of Agriculture as Wisconsin tested flocks or Wisconsin associate flocks. It's free to enroll in either program.

To enroll a flock as a Wisconsin tested flock, the owner must test annually for *Salmonella pullorum*, fowl typhoid and, in the case of turkeys, *Mycoplasma gallisepticum*. If you raise birds on your premises and commingle birds from other NPIP flocks you will want to apply to be a Wisconsin Tested Flock.

A Wisconsin Associate Flock consists entirely of birds obtained from a Wisconsin tested flock. Exhibitors who only raise birds for fair and can certify they do not have any other birds on their premises can enroll as a Wisconsin Associate Flock Certificate.

Youth and a parent need to sign the form and have a witness verify (FFA Advisor, 4-H Leader, etc.) Exhibitors will send the form to DATCP to get their certificate number. The application request form is available at the UW-Extension Office.

A photocopy of the flock form must accompany your animals to the fair.

Enrolled flocks must be tested by a certified poultry tester. All poultry must be from a Wisconsin Tested Flock or have an Associate Certificate to exhibit at the fair. A list of certified poultry testers is available from the Iowa County Extension Office. Should the exhibitors require the Poultry Superintendents to test their birds and file the certification paperwork, there will be a \$10 trip fee as well as a possible fee per bird for flocks exceeding 20 birds. Additionally, if exhibitors require superintendents to test birds it is the EXHIBITOR'S responsibility to call for an appointment at least four weeks prior to the Fair. All exhibitors must have a premise number for the location of birds housed. If you don't have a premise identification number, you can register online at <http://www/wiid.org>
